**NOTE TO PHYSICIAN:** When seeking payment from Medicare or Medicaid, Physicians should only order tests that are medically necessary for the diagnosis or treatment of the patient, for instance, Medicare does not cover routine screening, testing that is "investigative" or research use only, testing with quantity limits. The components of the organ or disease panels/combinations printed below may also be ordered individually. Components may be billed separately if allowed by the payer.

### CPT Code 86003 for each allergen requested
